Pt100 cable sensor

7430B

– All-purpose sensor / insert

– Ø6 x 60 mm

– For tasks that require interchangeable inserts

Technical characteristics

• Accuracy: IEC 60751, class A
• Process attachment: thermowell or adjustable coupling
• Outer protective sheath: stainless acid-proof steel, Wno. 1.4571 (AISI 316Ti)
• Withstands vibrations
• Measuring insert: Fixed
• Temperature range min/max: -50...+180°C
• Connection: 5, meters, 4-wire silicone cable 0.25 mm[sup]2[/sup]

Applications
