COMMENTS FROM LICENSING OFFICER(S):

ITEM #1:

This commodity is classified as EAR99 and is eligible for export to most end users as NLR (No License Required). However, there are certain countries and end users for which a license will be required, see Part 736 of the EAR for additional guidance. In addition, be aware that items otherwise eligible for export without a license may require a license if the exporter knows or is informed that these items will be used in the design, development, production or use of nuclear, chemical, or biological weapons, or ballistic missiles.
